

## Speak up at hearings to stop unwanted telemarketers

Some telemarketers are already asking for exemptions, so make sure your voice is heard when the “no call list” telemarketing hearings come to your part of the state.

The no call list is intended to allow state residents to register with the Department of Agriculture, Trade and Consumer Protection so they will not get most telemarketing calls.

“We have scheduled day and evening sessions to encourage as many people as possible to come,” says Fran Tryon, Director of the Bureau of Consumer Protection. “Every one is welcome. You can even submit your feelings in writing.”
